Easy Way Out

Roy Orbison

Darlin, all you do is deceive
Always a heartache up your sleeve
What good does it do to be hidin the truth
(Hidin, hidin)
The only one you really fool is youBaby, Im takin' the easy way out
And I know that you know what Im talkin' about
All these games that you play, I can live without
Im takin the easy way outYour misbehavin is too much to bear
You got me thinking that you just dont care
All of your lyins so hard to believe
(Lyin, lyin)
Why do you do these things to me?Baby, Im takin' the easy way out
And I know that you know what Im talkin' about
All these games that you play, I can live without
Im just takin the easy way outStartin tonight, its gonna be much better
Its gonna feel good to get you off my mindBaby, Im takin' the easy way out
And I know that you know what Im talkin' about
All these games that you play, I can live without
Im takin the easy way outBaby, Im takin' the easy way out
And I know that you know what Im talkin' about
All these games that you play
