## Pixies

In the sleepy west of the woody east  
Is a valley full, full o' pioneer  
We're not just kids to say the least  
We got ideas to us that's dear Like capitalist, like communist  
Like lots of things you've heard about  
And redneckers, they get us pissed  
And stupid stuff it makes us shout Oh, dance with me, oh, don't be shy  
Oh, kiss me, cunt, oh, kiss me, cock  
Oh, kiss the world, oh, kiss the sky  
Oh, kiss my ass, oh, let it rock Of the April birds and the May bee  
Oh baby, it's educational, it's educational, it's educational  
It's educational, it's educational, it's educational  
It's educational, it's educational, it's educational University of Massachusetts, please  
And here's the last five  
It's educational, it's educational, it's educational  
It's educational
