World In Another

Wet Wet Wet

Woh, Check it out
Check it outSome stupid things
Mean a lot in my life
Like the feeling like that I want to now ya.
Like the feeling like that I want to now ya.If you're in my heart
Say I could and I would be strong, man
Say I could and I would be strong, manWorld in another
I was trapped within
a world within another
World in another
Say I was trapped within
a world within anotherAnd is it true?
You better believe it honey
Better believe it honeyBut you may wear your heart
Upon your sleeve
But vicious lies only tease, tease
C'mon, C'mon, C'mon, C'monEvery eye open was not see
Every eye closed is not sleeping
This is true
Every eye open was not seeingWorld in another
I was trapped within
a world within anotherOh and is it very true
That we can have a fine romance
Is it very true
That we can have a fine romance
Is it very true
That we can have a fine romanceA fine romance, let me hear it, let me hear it.Ooh, check it outWorld, world, world, world. world in another
World, world, world, there's a world within anotherWorld in another
I was trapped within
a world within another
It's a world
Made for one another
You better believe it honey
