Connie Smith, Sharon White & Barbara Fairchild

Fight On

I can see your in a battle, yes the war still raging on
You don't have to be defeated, oh your struggling to hold on
Oh my brothers and my sisters, I am here to stand with you
You are still an overcomer, and by faith you'll make it thru

Chorus: Fight on, Fight on
Thru the darkest night, when hope seems nearly gone
In the name of Jesus, the battle will be won
Fight on warrior soldier, Fight on

There is a Kingdom in the making, so keep holding to your shord
For Your weapons are so mighty, thru the spirit of the Lord
Be strong and take courage, He will never let you fall
In the morning light of victory, you'll say it was worth it all

Chorus: Fight on, Fight on
Thru the darkest night, when hope seems nearly gone
In the name of Jesus, the battle will be won
Fight on warrior soldier, Fight on

Chorus: Fight on, Fight on
Thru the darkest night, when hope seems nearly gone
In the name of Jesus, the battle will be won
Fight on warrior soldier,

Tag: Fight On Weary soldier,
