Daylight Robbery

Airfix Kits

The heavy gangster helps himself
Don't have time for no one else
Brittle bones and rotten veins
Celebrate ill gotten gains
No time for justice or sweetness and light
How does it thrust his weakness aside?
The grass is hissing to disallow
This misappropriation now
Hold up, it's day light robbery
Hold up, you're bleeding us dry
Hold up, you're makin' a mockery
Hold up, disorganized crime
Send them to hunt them and bring them to trial
No room to function with dogs running wild
Holding us hostage and spreading your germs
Rebellious wish kids we're ready to burn
Hold up, it's day light robbery
Hold up, you're bleeding us dry
Hold up, you're makin' a mockery
Hold up, disorganized crime, kiss it goodbye
Hold up, that's day light robbery
Hold up, he's bleeding you dry
Hold up, you're makin' a mockery
Hold up, disorganized crime
Hold up, it's day light robbery
Hold up, you're bleeding us dry
Hold up, you're makin' a mockery
Hold up, disorganized crime
Kiss it goodbye, I curl up and die
