

Ain't Nothin' But a Maybe

Rufus

Could it be that he's interested
Or am I just wanting it be so
Do I dare speak to him
Or should I let the moment go Forget this hunger inside
Forget this hunger inside
Should I let the feelin' flow
Should I just let it flow
Ain't nothin' but a maybe ?..
Oh and baby, I sure would like to know Could it be he's just friendly
And that's nothing to get excited about
On the other hand he could be answering
The good vibrations I'm sendin' out
Well I just don't know
What I really see in
Should I make a move
Or keep on daydreamin'
Ain't nothin' but a maybe
Oh and maybe baby, I sure would like to know Wanna know ? wanna know ?. Could it be that he's interested
Or should I let the moment go and Forget this hunger inside
Forget this hunger inside
Should I let the feelin' flow
Should I just let it flow
Ain't nothin' but a maybe ?..
Oh and baby, I sure would like to know Repeat Forget this hunger inside
Forget this hunger inside
Should I let the feelin' flow
Should I just let it flow
Ain't nothin' but a maybe
Ain't nothin' but a maybe
