Drink It In

Heather Nova

How many days are left
And what to spend them on
Should i keep working
Or sit and marvel at the skyI think about your skin
Your fragile skin
A heaven of life
We are living inDrink it in
Drink it deep, yeah
I prayed a life
Your soul to keep
Drink it in
Drink it inPink clouds scatter
My heart beats clear
For all the hearts
That i hold dearDrink it in
Drink it deep, yeah
I prayed a life
Your soul to keep
Drink it in
Drink it deep, yeah
I prayed a life
Your soul to keep
Drink it in
Drink it inDrink it in
Drink it in
