Party Animal

Beerzone

Yeah, wasted
Party, burr
Double deuces on the back, 21s on the front
Got that engine in the back, and the trunk is in the front
In the back of the club now, smoking on a blunt
Club packed to capacity I'm parked right in the front
From the front to the back like a zoo
(Party animal)
Wanna ball with me baby, what it do?
(Party animal)
She's a man-eater, baby, girl's a cannibal

(Party animal)
I'm a party animal, she's a party animal
(Gucci)
I'm a party animal, used to be a trafficker
Bricks up on the bus, call me the roll manager
2,00,000 cash I might put that in the Challenger
To only ride on Moreland 'cause that's my East Atlanta car
First I brought you Juice Mane
Then I brought you Flocka Flame
Gucci Mane, the boss mane
But you can call me Ice Mane
