

Plus Profond

Hooverphonic

It enters your veins, it enters your soul
Tries to obsess you, it looks for defaults
Try not to lose, not to lose control
Try not to lose, not to lose control
Tries to destroy you, it tries to tear you down
Am I lost, lost in your backyard?
Feel the pain, yellow takes over
Yellow takes over, yellow takes over
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
C'etait toujours la meme chose tu sais
J'etais dans une capsule
Et apres quelques semaines
[Incomprehensible]C'etait toujours la meme chose tu sais
J'etais dans une capsule
Et apres quelques semaines
It enters your veins, it enters your soul
Tries to obsess you, it looks for defaults
Try not to lose, not to lose control
Try not to lose, not to lose control
It tries to destroy you, it tries to tear you down
Am I lost, lost in your backyard?
I feel the pain, yellow takes over
Yellow takes over, yellow takes over
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
C'etait toujours la meme chose tu sais
J'etais dans une capsule
Et apres quelques semaines
[Incomprehensible]
C'etait toujours la meme chose tu sais
J'etais dans une capsule
Et apres quelques semaines
[Incomprehensible]C'etait toujours la meme chose tu sais
J'etais dans une capsule

C'etait toujours la meme chose tu sais
J'etais dans une capsule
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
Try not to lose, not to lose control
C'etait toujours la meme chose tu sais
J'etais dans une capsule
C'etait toujours la meme chose tu sais
J'etais dans une capsule
C'etait toujours la meme chose tu sais
J'etais dans une capsule
C'etait toujours la meme chose tu sais
J'etais dans une capsule
C'etait toujours la meme chose tu sais
C'etait toujours la meme chose tu sais
C'etait toujours la meme chose tu sais
