

The Exorcist

The Hellcopters

Music : MT Lyrics: MT

Possessed By Evil Force

Satan's Wrath will kill

He will take your soul

Cast you to hell

Demons dog domain

Keeping me insane

evil curse my soul

burning away

satan's hell will burn

terrered cries are heard

ever lasting eternity

Warriors of hell

Unleashed men of sin

hatred hell within

sinners hate will die

the exorcist

Solo : MT

I can see the light

I don't want to burn

Help me save my soul

Let me live

Your curse is not my fear

Demons within me hear

I will escape your wrath

666

This is not my way

doom, sorrow for eternity

Lights shine below in hell

Forever burning

Words of insanity scream out

The final plea

Evil voices scream out

Help me

Demons in my body gone

Sicken thoughts left beyond

Haunted by evil memories

Nightmares and sin

My mind is burnt and black

Shadowed no way back
Fear of living in hell
Axed my mind
Memories held within
Satan's gone in sin
Grasping to relieve the pain
Scared for life
Exorcism takes control
Beneath my body help my soul
Save my soul from evil hell
Your spell is lost
