Give It Away

Glass Tiger

It's 2:00 a.m. and I'm incapable again
Another face that I don't know
I need to breathe, I need to feel
But in the end I can never let it showI believe you've heard it all before
But I'm pretty sure of one thing
You can't take it anymore
You don't realize what you've got
Until you give it awayA little bit higher, a little bit closer
We'll be stronger, we'll cross over
A little bit higher, a little bit longer
Love foreverAnd so if you'll just have to ask me again
If I love you, I don't know
But I know this life will pass me in the end
Fuel is dangerously lowLet's believe that towers never fall
No one ever buys a gun
No one ever builds a wall
You don't realize what you've got
Until you give it awayA little bit higher, a little bit closer
We'll be stronger, we'll cross over
A little bit higher, a little bit longer
Love forever, love grows strongerAll you ever needed was a little protection
Bouncin' off the walls in a wrong direction
Pick it up and turn it 'round, moving at the speed of sound
Over, under, up is down, all I ever do is love youPlease be there when I am coming down
But don't try to catch me
I'd prefer to hit the ground
I didn't realize what I've got
Until I gave it awayA little bit higher, a little bit closer
We'll be stronger, we'll cross over
A little bit higher, a little bit longer
Love forever, love grows strongerA little bit higher, a little bit closer
We'll stronger, we'll cross over
A little bit higher, a little bit longer
Love forever, love grows stronger
