Parental Guidance

Judas Priest

You say I waste my life away, but I live it to the full
And how won't you know anyway
You're just mister dullWhy don't you get into the things we do today?
You could lose twenty years right away
So we sayWe don't need, no
No no no no parental guidance here
We don't need, no
No no no no parental guidance hereEvery day you scream at me to turn the music low
Well if you keep on screaming
You'll make me deaf you knowYou always chew me out, because I stay out late
Until your three-piece suit comes back in date
Get one thing straightWe don't need, no
No no no no parental guidance here
We don't need, no
No no no no parental guidance hereThere's no communication
I'm tired of explanation
Is this message getting through?
You went through the same thing tooDon't you remember what it's like to lose control?
Put on my jacket for you get too old
Let's rock n' rollWe don't need, no
No no no no parental guidance here
We don't need, no
No no no no parental guidance hereWe don't need, no
No no no no parental guidance here
We don't need, no
No no no no parental guidance hereOh, no
One life
And I'm gonna live it up
