LOVEmeLOVEmeNOT

Siya

Yeah
When I met you, I told you that it was special
I was digging ya mental before we ever got sexual
That was never the plan plus you was lovin' ya man &I respected that
That's the type a nigga I am
You confided your deepest secrets
I promised to keep em safe so much that in saying it's over I told you we needed space you obliged telling me ta think that you was down
That shit is crazy
I just wish that you could see me now
You had options but still you chose me
You said be careful who you with because you roll deep
You know I love the streets
You knew I had a thing for the block &ya knew a nigga hustle wasn't easy to stop
So im just saying uh

All the ways you love me
All the ways you never loved
All the ways you love me
All the ways you never loved me& us
We were so different
It's your fault we grew so distant
It's not what I want for me
It's not what I need

Yeah
How'd we go from us saying forever to us being like enemies, I thought you knew betta'
I coulda sworn you was different
You'd even tell me you was &I believed it when you said it; you was givin it up
I guess you lied, huh
Who dis nigga by ya side now
I'm hearin rumors sayin you tied down
I hate the fact that you took my love for granted
How many nigga be on your line now, yeah
I really shoulda listened
Niggas told me not take trust you
I was really trippin
I used to miss you now I know I did the right thing just like I know you'll never find a nigga like me

All the ways you love me
All the ways you never loved
All the ways you love me
All the ways you never loved me& us
We were so different
It's your fault we grew so distant
It's not what I want for me
It's not what I need
