International Dateline

Ladytron

Woke up in the evening To the sound of the screaming Through walls that were bleeding All over meUntied and weightless Unconscious as we cross The international dateline Let's end it hereGrown tired of the show coast And the ones that we toast There are no zeros Around hereUntied and weightless Unconscious as we cross The international dateline Let's end it hereLet's end it here Let's end it here Let's leave her here Let's end it hereWoke up in the evening To the sound of the screaming Through walls that were bleeding All over meUntied and weightless Unconscious as we cross The international dateline Let's end it hereLet's end it here Let's end it here Let's leave her here Let's leave her hereLet's end it here Let's end it here Let's leave her here Let's leave her here
