

# Turbulent Weather

**Jim Noir**

When we get together  
I always hope there'll be nice weather  
Between us, there's nothing worse  
Than when you turn into a thunderstorm with me  
How do I help you?  
And how do you help me?  
We'll buy an umbrella  
And we might be safe from the turbulent weather  
How do I help you?  
And how do you help me?  
We'll buy an umbrella  
And we might be safe from the turbulent weather  
When we get together  
I always hope there'll be nice weather  
Between us, there's nothing worse  
Than when you turn into a thunderstorm with me
