

# Black Eye

Jeff Tweedy

See it in my eyes  
See it in my eyes  
So now I got a black eye  
Even though I never got smacked  
But if I get a retry  
Then I will try to give back  
You were the one who got jacked  
And I hope you will forgive me  
For whenever I capsize  
I know that you can see it in my eyes  
I'm not myself right now  
My biggest problem is to compromise  
But I'm sure I would know how  
I show my tragedy with my black eye  
I've been the one to deny  
Everything that you do  
I said it's all a big lie  
Always questioning you  
Even though you've been true  
And I know that I've been nothing more  
Than just a jealous guy  
I know that you can see it in my eyes  
I'm not myself right now  
My biggest problem is to compromise  
But sure I would know how  
I show my tragedy with my black eye  
But everybody's talking about you  
All the time about things you do  
And that's the only time I do realize  
That I do love being close to you  
And everybody's laughing with you  
Guess that's the thing that I just can't stand  
I'm selfish more than I am a man  
I know that you can see it in my eyes  
I'm not myself right now  
My biggest problem is to compromise  
But sure I would know how  
I know that you can see it in my eyes  
I'm not myself right now

My biggest problem is to compromise  
But sure I would know how  
I show my tragedy with my black eye  
With my black eye
