## Big Left

Namsayin, everybody  
Jamey Jasta is good thank you namean  
Peace to everybody  
Aight and this ones called When I Die

Whatup Tory Act, HP, Rafka  
Listen up

you motherfuckerss will respect me and stop shittin where you eat  
I play nice unless you wanna take me to the street  
I'm a simple dude and I speak in layman terms  
so you dumb motherfuckers could understand my words  
my only meaning is to pull out the nina 9 milli act silly  
and crack domes like phillies  
I stay in the streets born in the gutter  
I come from nothin lookin for somethin motherfucker  
I spit hard it resembles my life  
it reminds me of how I left my kids and my ex wife  
well I was born in the streets holdin the heat  
with no sleep no cheese no one I need  
probably god so I went and saw my priest  
he told me to come back he died the next week  
please lord help me to reap what I sow  
just gimme the word god cause i'm ready to go

[Hookx2]  
(When I die)  
Will you take me all the way up to the sky  
(When I die)  
Will you take me down where the devil lies  
(When I die)  
Will you take me up where the angels fly  
(When I die)  
or will you leave me with a halo of flies

my whole life is Non-Phixion, and I live in a House of Pain  
stuck in a Cage you're not listenin  
when will I ever achieve the goals set by those that expect to live off of my flows  
I got cousins that dont recognize me

so make your bed and live in it  
and don't surprise me on some let this beef shit  
oh yeah well where were you in 89 when I buried my father ya fuckin bitch  
familys is only there when goin is good  
when its bad you're on your own you grow up in the hood  
the outcast looked at as one bad apple  
to this beef and all these motherfuckers get at you  
well peep game I came up from monster to dope crib  
and tried to forget the fuckin way that I lived  
I tried to always do it right by my kids  
and that's the way god planned it, i'll give it to him

[Hookx4]  
(When I die)  
Will you take me all the way up to the sky  
(When I die)  
Will you take me down where the devil lies  
(When I die)  
Will you take me up where the angels fly  
(When I die)  
or will you leave me with a halo of flies

dear lord I can't explain all the things that I do  
just know every single word in this song is true  
it's about time I step up and be a fuckin man  
I got lost along the way and didn't follow my plan  
please take me as I am I stood on my own two  
and thanks for my girl god, you know that I owe you  
i've been trained to murder people killed at will  
i've seen more soldiers than a vietnam vill  
but still you hold me close right by your heart  
and I pray that you remember me when armageddon starts

[Hookx2]  
(When I die)  
Will you take me all the way up to the sky  
(When I die)  
Will you take me down where the devil lies  
(When I die)  
Will you take me up where the angels fly  
(When I die)  
or will you leave me with a halo of flies
