Slave

Spiritual Front

I'm a slave to who
Gave a name to my body
And form to my filth soul
I'm a slave to the money
That burn my hands
And to the profit and fatigue
To the mortal breath
That bends my back
And to the sperm
Vibrates on my bodyTo the bade that will
Cut the soir fruit
And to the blade
That will cut my throat and chestYou have to abuse me
Cause I could have been so
And i was never able to
You have to abuse my sex
And tight your slipknot
Around my white neck.Im slave to the mother
Of all pigs
And to the father of all my oppressions
To the will that erases my regrets
And to my childhood and my hidden fears
Im a slave to the light
That gives a face
To weakness and to my fallen reign
Im slave to the salt
And the wind that will
Burn my weath and my leprosy
