

Death & Rebirth

Dead to Fall

In our most painful moments
Lost in the cloak of night
Burned, broken, tired, hopeless
No future is in sightWhere are we even going
And who among you cares?
With no real purpose showing
A cycle of despairA never ending threat
A constant pushing force
My match is finally met
Let this thing take its courseNew blood flows in our veins
Power moves quickly now
None of us will be the same
Giving up we won't allowOur last sun has set
As we approach our fate
With one option left
To destroy and recreateWe are the new generation
With purpose, conviction and dedication
We are the new generation
With purpose, conviction and dedicationCounting past the final hour
In flame we've been reborn
A pure stronger power
A new oath we have swornThese nights mean too much
To just let them go
Putting on the final touch
Our true colors showWe are the new generation
With purpose, conviction and dedication
We are the new generation
With purpose, conviction and dedicationOn the phoenix throne
Death and rebirth
On the phoenix throne
Death and rebirthNothing as far as the eye can see
A straight, clear path moving
Towards our destinyAnd now we rise, we rise
We rise on wings of flame
And now we rise, we rise
We rise on wings of flameNothing holding us back
As we rise on wings of flame
Momentum pushing forward
As we rise on wings of flameWe are fire born

As we rise on wings of flame
We are the phoenix
As we rise, we rise
We rise on wings of flame
