It's Luh

Derek Luh

New clothes, new fit, two hoes, new whip
Huge shows, new quip, do so roofless
Aaaaaah, quit callin' me Luh, it's Luh, bitch
Aaaaaah, quit callin' me Luh, it's Luh, bitch

Bar after bar, every goddamn night
And I rep the squad, yeah it's goddamn mine
The hoe on my phone, pretty goddamn fine
Sellin' out shows, every goddamn time
Whoo, come and play my game
Come at me right when you sayn' my name
Fuck money and fame, we ain't neva gon' change
At the end of the day we all leavin' the same
Bang! I don't owe them nothin', who got ya back
When you get to frontin'?
V8 engine, you can hear it hummin'
Come to life when I push a button
Betta call me Luh and I mean it
Flo' is dope, I need rehab
Comatosin' on these tracks
I don't need advice, or your feedback

New clothes, new fit, two hoes, new whip
Huge shows, new quip, do so roofless
Aaaaaah, quit callin' me Luh, it's Luh, bitch
Aaaaaah, quit callin' me Luh, it's Luh, bitch
New clothes, new fit, two hoes, new whip
Huge shows, new quip, do so roofless
Aaaaaah, quit callin' me Luh, it's Luh, bitch
Aaaaaah, quit callin' me Luh, it's Luh, bitch

Freeze up, yes it's us
Comin' thru' and we fresh as fuck
Wishin' all y'all the best of luck
Lead us up, but we neva trust
What did you say? Did I hear that correct?
Runnin' yo mouth and conferring a threat
You actin' all tough, now we hear a new set
If you got sum' to say, get it off o' yo chest

Yes, why are you testing the best?
Sick all my dogs on them, call up the vet
Gimme success or I'll miss you for death
Me signing the checks, 'til it's what I expect
Handing out blessings, you'll think I'm a reverend
No reachin', no preachin', just teachin' em lessons
See that they slippin', it gave me a reason
To leave 'em with dreams they will neva forget

New clothes, new fit, two hoes, new whip
Huge shows, new quip, do so roofless
Aaaaaah, quit callin' me Luh, it's Luh, bitch
Aaaaaah quit callin' me Luh, it's Luh, bitch
