

Painted Girl

[Rick Springfield](#)

She walks down the street
Cutest thing in the world
Smelling so sweet
Just a painted girl
All the men's heads turn
When she passes by
Their hearts were burning
She gives them the eye
She's just a
Painted Girl
She's just a
Painted Girl
(One more time)
Just a
Painted Girl
(And then there's a bridge)
Ever since you said Goodbye
(What? Like I'm dating a 21 year old at 15?)
All I've ever done is cry
(Freaky)
I don't know what to do
Without
YOU
I gave her my love
I gave my diamonds and furs
(Where did I get diamonds and furs from at 15?)
I gave her everything
It was hers
I gave her rings and my money too
(All \$1.50 of my allowance)
She left me alone
Sad, lonely and blue
She's just a
Painted Girl
She's just a
Painted Girl
(Sing with me!)
Just a
Painted Girl

(And then the very Beatle end I thought was really cool)Ooooh
