

Wait For The Way

Beth Nielsen Chapman

All my traveling time
Running circles around my dreams
Waking up to find
Our love's not what it seems Now my soul keeps calling for a long lost day
And a love that I held so true
Well there's no use following the heartache
That leads me back to you, I'll [Chorus]
Wait for the way
Through the valley of my shadow of doubt
Through the winter of my discontent
And when it seems like all my hope is spent
There's only one prayer I pray...wait for the way Each small step of my life
There's a loneliness I've known
I take the road that's right Even if I'm left alone
But I know that heaven holds amazing grace
When you trust what you feel inside
And a true heart opens at it's own pace
And I must say goodbye, and [Chorus] Now my soul keeps calling for a long lost day
And a love that I held so true
Though there's no use falling for the heartache
That leads me back to you, I'll [Chorus]
