Will We Be Lovers

Deacon Blue

All my worries
All my care
Is held in check
For you not thereEvening comes
And darkness falls
We sit round
And curtain out
The black nightThere is a time
Away
From hereSeasons pass
So quickly come
And steal the days
Your work has doneThey leave the fields
So bare and gray
I long to hold
You there and say
It won't changeThere is a time
Away
From hereThere is a time
Away
From hereWill we be lovers
Or will we still be?
Will we be lovers
Or will we still be?Will we be lovers
Or will we still be
Still be, still be?Will we be lovers
Or will we still be?
Will we be lovers
Or will we still be?Will we be lovers
Or will we still be?
Will we be lovers
Or will we still be?Will we be lovers
Or will we still be?
Will we be lovers
Or will we still be?
