

Where Were You

Journey

Where were you
When I wanted you to love me through the night?
Where were you
When I wanted you to love and hold me tight? Where were you, little darlin'
When you said to pick you up after school?
I know where, little lady
'Cause my mama didn't raise no fool Yeah
Where were you?
Where were you?
Where were you?
Where were you? Oh I know where, baby
You been runnin' 'round loose on the side
I know where, little lady
You been runnin' 'round with somethin' to hide I don't mind, darlin', if you're feelin' fancy and free, yeah
I don't mind, little baby
'Cause your sister's lookin' real good to me Hey
Where were you?
Where were you?
Where were you?
Where were you? I wouldn't know what the hell was goin' on
Someday you're gonna break
So don't try to get yourself straight
You're just a little too late Where were you?
Where were you?
Where were you?
Where were you? Where were you?
Where were you?
Where were you?
Where were you?
