

We'll All Be...

The Maine

Advisory - the following lyrics contain explicit language:

Surrounded by familiar faces
The people that you love to see
Where everybody knows your name
And they're smilin We may not be gettin' younger
Our days might be slippin' away
Yeah, we're still so fuckin young
So we'll party like it's our last day And for the first time I feel less alone
And for the first time I can call this home It's our last time to say goodnight
Don't say goodbye 'cause in the mornin we'll
We'll see you around and we'll sing it again
Same time tomorrow, yeah, we'll all join in I'm ashamed of feelin down now
'Cause we're the people we've been waitin on
All we needed was some good friends
And a song to sing along With voices yellin in the front room
No one could tell us keep it down
So we all just kept it loud
And tried to wake the entire town And for the first time I feel less alone
And for the first time I can call this home It's our last time to say goodnight
Don't say goodbye 'cause in the mornin we'll
We'll see you around and we'll sing it again
Same time tomorrow, yeah, we'll all join in It's our last time to say goodnight
Don't say goodbye 'cause in the mornin we'll
We'll see you around and we'll sing it again
Same time tomorrow, yeah, we'll all join in Oh, each days a number
But we can't forget last summer
When we say we do we're on to the end
Go on and sing it out Our days are numbered
And we know we're not gettin' any younger
But it's nights like these
That make you not really care Oh, each days a number
But we can't forget last summer
When we say we do we're on to the end

Go on and sing it out Our days are numbered
We know we're not gettin' any younger
But it's nights like these
That make you not really care We all have been degraded
We all have been the greatest
We al have been degraded
We all will be the greatest
