

# Enchantment Passing Through

Sisqo

Whoa

Yeah yeah yeah

A few more days we'll be home in glory

Already they'll be getting out the flags

With Memphis high motive dilatory

Still I only see a lot of snags

Just because I've triumphed as a slaver, oh yeah yeah

Brought beauty back to Egypt by the ton, oh yeah

Of this and every month now I'm the flavor, oh yeah

And scheduled to do things I've never done

And why should I tell you this a stranger I just met

A woman who in hours from now I'll certainly forget

Anonymous and undemanding, enchantment passing through

My secrets and my confidence are safe enough with you

My days out in the field are all but ended

They'll put me out to grass which means the throne

Bedecked with jewels alongside my intended

I feel as if my heart is set in stone

Just because I've triumphed as a slaver, oh

Brought beauty back to Egypt by the ton, oh yeah

Of this and every month now I'm the flavor

And scheduled to do things I've never done, hey

And why should I tell you this a stranger I just met

A woman who in hours from now I'll certainly forget

Anonymous and undemanding, enchantment passing through

My secrets and my confidence are safe enough with you

Whoa, oh oh

And why should I tell you this a stranger I just met

A woman who in hours from now I'll certainly forget

So anonymous and undemanding you are, enchantment passing through

My secrets and my confidence are safe enough with you, oh

And why should I tell you this a stranger I just met

A woman who in hours from now I'll certainly forget

Anonymous and undemanding, enchantment passing through

My secrets and my confidence are safe enough with you

Yeah yeah, oh yeah

Is safe enough with you
