So Much to Prove

Fantasia

Say I m the one you care for
Play me and I m the first who s ringin in the morning and the last at night
Say we will be forever
Don t mean to let you down boy if it s gonna take more than that
Pre Chorus:
It s a little more packing and a little more beating
If you won t disturbing, I ma need a hundred more reason
So before I just let go, show me why you re so special
And why you should be the one?
Chorus:
Baby I want you
But I can t give in to sure
So much to prove ya, why you got so much to prove ya
When you got so much to prove ya
Well you got so much to prove, so much to prove.
I do the thing I don t care, mhmI gotta say myself: Stop!
So even if got to sleep ahead, you still behind
You gotta wait for.
Pre Chorus:
It s a little more packing and a little more beating
If you won t disturbing, I ma need a hundred more reason
So before I just let go, show me why you re so special
And why you should be the one?
2 x Chorus:
Baby I want you
But I can t give in too soon, (when you got so much to prove ya)
So much to prove ya, why you got so much to prove ya
When you got so much to prove ya
Well you got so much to prove, so much to prove.
You know you got so much to prove baby
So much to prove!
