Rainy Day

Oleander

Another rainy day
Sunlight in your eyes
I sleep the day away
Without you by my sideI wanna save the world
I wanna save myself
But I'm covered over gray
Another rainy dayRaise my hand and wave goodbye
I tell myself I'll be alright
Another hour, I'll be sky high
Doin' my best to hold on tightI close my eyes and come back down
Lose myself inside your smile
And stay there for a whileAnother rainy day
And all I have is time
I waste the day away
And watch the world go byYou wanna save the world
You wanna save yourself
But you're covered over gray
Another rainy day, yeahRaise my hand, wave goodbye
I tell myself I'll be alright
Another hour, I'll be sky high
Doin' my best to hold on tightI close my eyes and come back down
Lose myself inside your smile
And stay there for a whileI raise my hand and wave goodbye
I tell myself I'll be alright
Another hour, I'll be sky high
Doin' my best to hold on tightI close my eyes and come back down
Lose myself inside your smile
Behold for a while
