UNHAPPY

PEALOUT

Here we go again
I'm goin' through it with my man
It seems like everythin' I do
I can never please you
Everyday you keep breakin' me down
Why you still stayin' around?
Front to back, inside out, head to toe
This ain't what you want then you should go
If you're so unhappy
With the way I am
If you're so unhappy
With the way I dress
If you're so unhappy
With me and my friends
Then why don't you leave?
Can you feel me, feel me?
If you're so unhappy
With the way I am
If you're so unhappy
With the way I dress
If you're so unhappy
With bein' my man
Then why don't you leave
Can you feel me, feel me?
Used to be best friends
Now three years is comin' to an end
Feels like I'm just wastin' my time
Tryin' to get you to treat me right
Tellin' me, you can't cook no more
You don't kiss me when you walk through that door
I'm still the same girl, you fell in love with
The same one that's been puttin' up with your bullshit
If you're so unhappy
With the way I look
If you're so unhappy
With the things I cook
If you're so unhappy
With bein' my man
Then why don't you leave?

Can you feel me, feel me?
If you're so unhappy
How I style my hair?
If you're so unhappy
With the clothes I wear
If you're so unhappy
With bein' my man
Then why don't you leave?
Can you feel me, feel me?
You're gonna realize that one day
You were wrong for treatin' me that way
Ain't nothin' good gonna come to you
Until you know what it is to bein' true
You better be careful what you do
'Cuz everythin' you do, comes double back to you
So the next girl that comes your way
Give her more love than you gave me
If you're so unhappy
With the way I am
If you're so unhappy
With the way I dress
If you're so unhappy
With all of my friends
Then why don't you leave?
Can you feel me, feel me?
If you're so unhappy
With the way I am
If you're so unhappy
With the way I dress
If you're so unhappy
Bein' my man
Then why don't you leave?
Can you feel me, feel me?
If you're so unhappy
With the way I look
If you're so unhappy
With the things I cook
If you're so unhappy
With bein' my man
Then why don't you leave?
Can you feel me, feel me?
If you're so unhappy
How I style my hair
If you're so unhappy
With the clothes I wear

If you're so unhappy
With bein' my man
Then why don't you leave?
