

Sir Reality

Todd Rundgren

no one ever lies
no one really dies
money brings you joy
girls are girls and boys are boys
the ocean has no salt
lack is all your fault
knowledge comes for free
surrealitythe truth is plain to see
but you may not agree
much profanity
surreality
truth is plain to see
if you disagree
then you can join me
sir realityall science is a ploy
a gun is just a toy
man is born not made
its good to be afraid
the earth is not so warm
the moon is not that cold
the rich deserve to be
surrealitythe truth is plain to see
but you may not agree
much profanity
surreality
truth is plain to see
if you disagree
then you join me
sir reality
