Fools Gold

Michael Johns

Well, it's sad, sad songs that I have been holding on to
And it's one more day that keeps me alive
All of these black, black skies rollin' on over me
Well, I need something good maybe just sympathy'Cause it's only fool's gold that I have been finding
And it's only fool's gold that I have foundAnd these roads I've been traveling are takin' me home again
I'm looking round for something that's gone
Maybe I'm a fool, fool just singing my songsJust spending time, time rnning on empty
Well, I cannot stay this way forever
All of these dreams I've had only be telling me
That I need something good maybe just sympathy, yeah
Sympathy, yeahIt's only fool's gold that I have been finding
And it's only fool's gold that I have foundAnd these roads, I've been traveling are takin' me home again
I'm looking 'round for something that's gone
Maybe I'm a fool, fool just singing my songsThis time won't last forever, oh no
This time won't last for long
But I cannot stay this way forever
Maybe I'm a fool, fool just singing my songsWell, it's sad, sad songs that I have been holding on to
Well, I need something good or maybe just sympathy, yeahMaybe I'm a fool, fool
Maybe I'm a fool, fool just singing my songs
Maybe I'm a fool, fool
Maybe I'm a fool, fool just singing my songs
Maybe I'm a fool, fool just singing my songs
