

Summertime

The Mowgli's

It's getting heavy
I'm going crazy
A little bit of rock and roll
Eyes closed to the radio And when you touch me
It's almost like you love me
I kind of think that you might know
The way I'm feeling (Chorus)
Oh I
Can't get you off of my mind
But I think that it's alright
'Cause looking back
I'm falling in love with you every single night
You know that feeling right
Where everything is fine, just fine
I keep falling in love with you in the summertime (Oh oh oh oh oh oh)
I keep falling in love with you in the summertime
(Oh oh oh oh oh oh)
I keep falling in love with you in the summer You're looking brand new
Hands out the sun roof
And I just can't deny it
Don't act like you don't like it
The mess you make me
Don't recognize who I've been lately
You've got me flying
Straight to the roof (Chorus)
Oh I
Can't get you off of my mind
But I think that it's alright
'Cause looking back
I'm falling in love with you every single night
You know that feeling right
Where everything is fine, just fine
I keep falling in love with you in the summertime (Oh oh oh oh oh oh)
I keep falling in love with you in the summertime
(Oh oh oh oh oh oh) I guess I'm facing the truth
That you finally won
You've got that look in your eyes
Like a loaded gun
In a place, in a time that I never was

It's all because I'm coming undone(Chorus)

I

Can't get you off of my mind

But I think that it's alright

'Cause looking back

I'm falling in love with you every single night

You know that feeling right

Where everything is fine, just fine

I keep falling in love with you in the summertimeOh oh oh oh oh oh (And I know that's alright)

I keep falling in love with you in the summertime

I keep falling in love with you in the summertime

I keep falling in love with you in the summertimeOh, I keep falling in love with you in the summertime
