Still Holding On

Clint Black

There's something out there left for you

But it's not me

We've reached a point of no return

It's only right I set you freeI know I'll have to turn away

But there's nowhere for my love to go

And there won't come a day

When I won't honor what we've vowedBut I'll go on with my life

We can even say goodbye for now if If that's what we have to do

But here in my heart

Even when my arms are empty darling

I'm still holding on to youWe can't deny

That this one's out of our control

Stronger than the both of us

And bound to take its tollI can stand the test of time

And as far as I can see

There are no walls that we can't climb

Standing between you and meBut I'll go on with my life

We can even say goodbye for now if

If that's what we have to do

But here in my heart

Even when my arms are empty darling

I'm still holding on to youAnd there's a place you'll always be

No matter where you are, you're here with me

When the world is turning upside down

Together we can stand our groundWe can even say goodbye for now if

If that's what we have to do

But here in my heart

Even when my arms are empty darling

I'm still holding on to youI'm still holding on to you

I'm still holding on to you

When I'm gone, I'm holding on
