Judgement of the Innocent

Pave the Path

Judgment of the innocent
Let the followers be your witness
Judgment of the innocent
You'll never be forgiven

Sometimes, silence is the answer
Sometimes it's too much to speak for the guiltiness word by word
So face up and change your mind
Before the sunlight shines on the truth
And your judgments will be burned into ashes
So make up your mind

Sometimes silence is the answer, learn to think
Somehow I won't sing verses just to explain how mankind should be
Sign your death warranty
If you dare to raise your pride and privilege
Come now, sign your death warranty

Judgment of the innocent, you take control, you're playing God
Judgment of the innocent, worship your God to cleanse your sins
Judgment of the innocent, let the followers be your witness
Judgment of the innocent, you'll never be forgiven

Take down your crown, this is mortality
Leaders lead a dissolute sin
Prayers kneel to purify
