Everything

Submersed

Sitting alone in this room
Thinking of you being here right beside me
Comforting my darkest fears
Helping me to find the strength that lies inside meYou know I've waited so long
To say this words to youYou know that I want to be your everything
To hold you close and never let you go
You know that I want to be your everything
To lift you up and never let you goI know I will regret
If I don't tell you how I feel before I left
Have you heard this all before?
I want to lift you up and give you so much moreYou know I've waited so long
To say this words to youYou know that I want to be your everything
To hold you close and never let you go
You know that I want to be your everything
To lift you up and never let you go
