

# Dopethrone (Live RB '05)

## Electric Wizard

Dope priest prophecy  
Doomantra from beneath the sea  
Green throne, raised to the black sun  
Doom child, wake to planet song  
Rise, black amps tear the sky  
Feedback will free your mind and set you free  
Rise, black amps tear the sky  
Riff hewn altar wreathed in smoke and weed  
Dopethrone, in this land of sorcery  
Dopethrone, vision through T.H.C.  
Dopethrone, feedback will free  
Dopethrone, three wizards crowned with weed, yeah  
Black monolith charged with unlight  
Sacrifice to forever midnight  
Towers, titan sonic wave  
Sorcery, necromantic slaves  
Rise, black amps tear the sky  
Feedback will free your mind and set you free  
Rise, black amps tear the sky  
Riff hewn altar wreathed in smoke and weed, yeah  
Dopethrone, in this land of sorcery  
Dopethrone, vision through T.H.C., yeah  
Dopethrone, feedback will free, yeah  
Dopethrone, three wizards crowned with weed, yeah  
In this land of sorcery  
Vision through T.H.C.  
Holy feedback, it will free  
Three wizards crowned with weed  
Rise  
Rise  
Rise  
Rise  
Rise  
Rise  
Rise  
Rise  
Smoke  
Dopethrone  
Dopethrone  
Dopethrone
