# Hearts & Flowers

## SayWeCanFly

I bet my life you've heard this all before
And I also bet my life that you' forgot
You gotta hope for the best and prepare for the worst
And always keep your best foot forwardI know that sometimes life gets rough
But that's never a reason to give up
Keep your heart up in the clouds
Never let the people drag you down
I have learned to chase my dreams
I know that if I don't they will get away from me
So I do what I love to doI know people from around the world
And they show there love through kindness in their words
And that's enough to keep my heart alive
In a place that keeps me struggling to surviveI know that sometimes life gets rough
But that's never a reason to give up
Keep your heart up in the clouds
Never let the people drag you down
I have learned to chase my dreams
I know that if I don't they will get away from me
So I do what I love to doLet me tell you a secret
It gets me through
And I hope you believe
Wake up every day
You know exactly what you want
And you will find it
But don't get lostI know that sometimes life gets rough
But that's never a reason to give up
Keep your heart up in the clouds
Never let the people drag you down
I have learned to chase my dreams
I know that if I don't they will get away from me
So I do what I love to do
I do what I love to do
