

# Music Is Healing

## Florida Georgia Line

[Verse 1]

Tears on a six string  
Another angel gone  
Leavin' you all alone  
Dealin' with your demons  
I know you layin' there wonderin'  
If your prayers ever make it through the ceilin' too  
Yeah I know what you goin' through[Chorus]  
If I could write the perfect song  
We could let the right out of all the wrongs  
Would you close your eyes?  
Would you let it in?  
Would you light a candle against the wind?  
If I could sing the perfect words  
And the world from hurt to hurt  
We're all feelin'  
Stop the bleedin'  
You're back to believin'

Love is the answer and music is healin'[Verse 2]  
And there's a lot of souls lookin' for the high road  
Everybody's needin'

Maybe just a little simple melody  
Is all we need to keep our boomin' hearts beatin' true  
And get the whole world in tune[Chorus]  
If I could write the perfect song  
We could let the right out of all the wrongs  
Would you close your eyes?  
Would you let it in?  
Would you light a candle against the wind?  
If I could sing the perfect words  
And the world from hurt to hurt  
We're all feelin'  
Stop the bleedin'  
You're back to believin'

Love is the answer and music is healin'[Verse 3]

Yeah I (?)  
And we where we're supposed to be  
And everybody's got the (?)  
But we can live in harmony, yeah

Your song is played  
Dealin' with your demons  
I know you layin' there wonderin'  
If your prayers ever make it through the ceilin' too  
Yeah I know what you goin' through
