

Tell Him

The Glitter Band

I know something about love
If that girl gets into your blood, go and get her
If you want her to be always by your side
If you want her to always think of you
You gotta tell him that you're never gonna leave him
Tell him that you're always gonna love him
Tell him, tell him, tell him, tell him right now
I know something about love
If that girl gets into your blood, go and get her
If you want her to be always by your side
If you want her to always think of you
You gotta tell him that you're never gonna leave him
Tell him that you're always gonna love him
Tell him, tell him, tell him, tell him right now
Ever since the world began, its been that way for man
And women were created
To make love our destiny, oh why should true love be, so complicated
I know something about love
If that girl gets into your blood, go and get her
If you want her to be always by your side
If you want her to always think of you
You gotta tell him that you're never gonna leave him
Tell him that you're always gonna love him
Tell him, tell him, tell him, tell him right now
You gotta tell him, you gotta tell him, you gotta tell him, you gotta tell him,
you gotta tell him, you gotta tell him, you gotta tell him, you gotta tell him
