

# Got a Little Secret

Leonard Cohen

I've got a little secret  
If you promise not to tell I've got a little secret  
If you promise not to tell I made a date in Heaven,  
Oh Lord but I've been keepin' it in Hell I'd like to love you baby  
it just don't feel right I'd like to love you baby  
it just don't feel right I've got this full length mirror  
And it ain't a pretty sight I'd like to hold you baby  
But my arms are old and weak  
I'd like to hold you baby  
But my arms are old and weak I was listenin' to your story  
But I guess I fell asleep I've got a little secret  
If you promise not to tell I say I've got a little secret  
If you promise not to tell I made a date in Heaven  
But I've been keepin' it in Hell It's kinda chilly in your kitchen  
It must be ten below  
It's kinda chilly in your kitchen  
Must be ten below I bought a ticket to Jamaica  
I guess I lost it in the snow  
I've got a little secret  
If you promise not to tell I say I've got a little secret  
If you promise not to tell I made a date in Heaven, Oh Lord  
But I've been keepin' it in Hell I made a date in Heaven, Oh Lord  
But I've been keepin' it in Hell
