I Know You See It

Yung Joc

Eenie, meeny, miney, moe
How many bitches from the club want go
I know you see it, I know you see it
I'm like eenie, meeny, miney, moe
How many niggaz in the club want go
I know you see it, I know you see it
Now you can call me tip drill, they playin' my songs
Throw a couple ones, then she throw away her thongs
When she bust it open, take a picture with my phone
She love my cologne, call it perk body zone
Now she pussy poppin', yeah, it's goin' down
Slap the waitress on the booty, tell her get another round
And when I make it rain, money all over the ground
Fresh Force Ones, Sean John buttoned down
And then I'm like, "Oh, boy, my click full of stars"
Big fo'-fifth, big dick and big cars
At the end of the day when it's all said and done
I'ma need fo' freaks 'cause I need more than one
Eenie, meeny, miney, moe
How many bitches from the club want go
I know you see it, I know you see it
I'm like bim bam, I know you want some
She chewin' on the dick like a piece of bubble yum
I know you see it, I know you see it
I'm like eenie, meeny, miney, moe
How many niggaz in the club want go
I know you see it, I know you see it
Then I'm like bim bam, I know you want some
You chewin' on the pussy like a piece of bubble yum
I know you see it, I know you see it
I ain't never been the type to show off in the club
Real laid back, poppin' plenty bottles of
Bub, don't smoke but I got much perk
Get that nigga real high, make him slurp it then burp
Could you be a groupie? I hear you singin' my song
Like I see you, lemme feel yo' tongue
It's me, Ms. B, nigga let me get you laced
Take a step back, blow the pussy in your face
I ain't talkin' kush nigga, talkin' the rat race

So many to choose from, give 'em all a lil' taste
Got a house full of pussy, the madame of hip-hop
My bitches are superstars, so gushy you need a mop, yeah
Eenie, meeny, miney, moe
How many bitches from the club want go
I know you see it, I know you see it
I'm like bim bam, I know you want some
She chewin' on the dick like a piece of bubble yum
I know you see it, I know you see it
I'm like eenie, meeny, miney, moe
How many niggaz in the club want go
I know you see it, I know you see it
Then I'm like bim bam, I know you want some
You chewin' on the pussy like a piece of bubble yum
I know you see it, I know you see it
I got stacks on deck, snowflakes on my neck
New J's on my feet, make my outfit complete
I know you see it, I know you see it
I got stacks on deck, niggaz love my flow
Got a mohawk blowin', Ur Forces that glow
I know you see it, I know you see it
Eenie, meeny, miney, moe
How many bitches from the club want go
I know you see it, I know you see it
I'm like bim bam, I know you want some
She chewin' on the dick like a piece of bubble yum
I know you see it, I know you see it
I'm like eenie, meeny, miney, moe
How many niggaz in the club want go
I know you see it, I know you see it
