

I Used to Love Her But I'm Alright Now

[Fielfraz](#)

The sun lights up two eyes in her face
your worst nightmares roam their own stupid ways
yeah, sheâ€™s got spider legs and she walk about
I used to love her bur Iâ€™m alright now.

The drugs she takes will make her bald and fat
sheâ€™s got all you need and a whole lot more than that
yeah, sheâ€™s got spider legs and she walk about
I used to love her bur Iâ€™m alright now.
sheâ€™s got spider legs and she walk about
I used to love her bur Iâ€™m alright now.

She says, she says
sheâ€™ll turn my spine all soft
like pistachio marmalade
I think Iâ€™ll have another drink to relax me
weil I wait. while I wait
for her spider legs and she walk about
I used to love her bur Iâ€™m alright now.
spider legs and she walk about
I used to love her bur Iâ€™m alright now.
