## **Make Up Your Mind**

## <u>Orgy</u>

Make up your mindYou couldn't make me anymore crazy Than I could stand to be So won't you just sympathize with meAnd all the things I do To make you angry with me What's wrong with me todayYou say, I leave you all alone Every time you call me as if you needed reason to fall down And I know this must be hard for you to understand All this waiting takes too long for meMake up your mindYou don't even know, what's good for you (You better keep your eyes on me) Maybe, you're oblivious inside It is scary that you don't know your chances fade away Fade away sometimes, maybe, you're oblivious insideNo, you can't deny me (And I don't want to see you go away)You get angry when I ask what's on your mind And I should have been asking you what's been up your sleeve this whole time'Cause now I know you're dangerous And I know you're dangerous but somehow you're contagiousMake up your mindYou don't even know, what's good for you (You better keep your eyes on me) Maybe, you're oblivious inside It is scary that you don't know your chances fade away Fade away sometimes, maybe, you're oblivious insideYou don't even know, what's good for you (You better keep your eyes on me) Maybe, you're oblivious inside It is scary that you don't know your chances fade away Fade away sometimes, maybe, you're oblivious insideNo, you can't deny me (Make up your mind) No you can't deny me No, I don't want to see you go awayYou don't even know, what's good for you (You better keep your eyes on me) Maybe, you're oblivious inside It is scary that you don't know your chances fade away Fade away sometimes, maybe, you're oblivious inside
