

The Cure

Slakah the Beatchild

They all said to me, that I am a victim, of you; love flu.
Hard to eat, hardly sleep, hurts inside,
I have a sickness, what must I do?
When you are near, close here to me,
I'm feeling good, I feel alive I'm feeling better now that you're mine, because.

You're my cure, cure, I'm a chase you, you're my pill
And I'm like water, just what the doctor ordered, that's for sure.
You're my cure, my cure my heart is broke with out you like a donor
And you're just what the doctor ordered, that's f'sho, f'sho, f'sho, f'sho

My friends say to me, that I am addicted to you, it's true
Just say to me, you'll stay with me, cause
It feels like I can't resist this, baby I need you chorus
When you are near, close here to me,
I'm feeling good, I feel alive I'm feeling better now that you're mine
I'm feeling good, I feel alive I'm feeling better now that you're mine,

You're my cure, cure, I'm a chase you, you're my pill
And I'm like water, just what the doctor ordered, that's for sure.
You're my cure, my cure my heart is broke with out you like a donor
And you're just what the doctor ordered, that's f'sho, f'sho, f'sho, f'sho
