

# Bloodflowers

## One Less Reason

Album: A Lifetime Burning

This dream never ends you said

This feeling, never goes

The time will never come, it'll slip away

This wave never breaks, you said

The sun never sets, again

These flowers, will never fade (Never fade)

This world never starts, you said

This wonder, never leaves

The time will never come, to say goodbye

This time never turns, you said

This night never falls, again

And these flowers will never die

(Never die)

(Never die)

And these flowers will never die (Never die)

This dream always ends, I said

This feeling always goes

The time always comes to, slip away

This wave always breaks, I said

The sun always sets, again

And these flowers will always fade (Will always fade)

This world always stops, I said

This wonder always leaves

The time always comes, to say goodbye

The time always comes, I said

The night always falls again

And these flowers, will always die

(Always die)

(Always die)

(Always die)

Between you and me

It's hard to ever really know who to trust

Out of pain, wondering

Between me and you

It's hard to ever really know who you choose

Out of fear, what to do?

Never fade

Never die  
You give me, the flowers of love  
Always fade  
Always die  
Careful flowers oft? blind
