

# CRZY (feat. A Boogie Wit da Hoodie) [Remix]

Kehlani

Crazy

I go, I go, I go Everything I do, I do it with a passion

If I gotta be a bitch, I'mma be a bad one

I'm AI with the designs, du-ragging

Bounce back game two, why we talkin' practice?

Yeah, yeah, yeah

Pull up score when I want to

Best thing next to Heaven

They be tryna count me out though

I'm just countin', countin' blessing's

A real woman by the paper

Niggas don't know where I came from

Why I really-really came up

You never could say I'm back in

All this shit I've been through and it made me more real than assassin

I kill 'em, I kill 'em, I kill 'em with compassion

And baby if they askin' Tell 'em, tell 'em, tell 'em, tell 'em

I go, I go, I go, I go crazy, crazy

I go, I go, I go, I go crazy, crazy

Live for the challenge, only make me stronger

One more reason to turn up on 'em

I go, I go, I go, I go crazy, crazy Lit, lit, lit, lit

Only L I take is to the face

You showed up to see me lose

But I overcome so you overcame

Basic, basic

Ain't nothin' 'bout me basic

I'm crazy, I'm crazy

Better watch what you say to me 'cause

Young Sway got the answers

Give 'em hell, give 'em pressure

Big couch, no manners

Dirty-dirty-dirty dancin'

Take a look at what I did

Go for circle with the wrist

Whippin'-whippin' up the grits

Get a hand full of this nicely

I got it, I got it, I got it

And you gon' respect it

Ain't nothin', ain't nothin', gon' stop me from makin' it happen  
So baby if they askin'
