Chimney's Afire (Mickensian Suicide)

Xiu Xiu

You had to dig hard
To find the cult of arteries
Astride the great gulf sea
Across Dresden kitchenChimney's afire
The vast deep's surface shines
With gore and spermaceti
An outlook certainOh vanity
You are a cutting vessel
Racing with whispered furies
On hellhounds broken backsChimney's afire
The vast deep's surface slips
With gore and spermaceti
An outlook certainDraw in the line
Don't let it twist or tangle
Bring the beast clear and close
And let your lance drive trueChimney's afire
Chimney's afire
The vast deep's blah, blah, blah
On that which could not be forgiven
