Lift Off

Written by Louise Carver: copyright controlled

Verse 1:

Something inside me holds my head up high even though, even though the chips are down
Something inside me pulls me off the ground, even though, even though my heart is low

But when itâ€™s my time to rise
Gonna dig, gonna dig deep inside
and when itâ€™s my time to pick myself up, dust it all off
Gonna fill, gonna fill the skies

Chorus:

So pleaseâ€¦
Make it ok, make it alright
And pleaseâ€¦
Give me lift off so I can see

Verse 2:

Something inside me tells me nights are long but the day always comes
Something inside me tells me to be strong, everyone can fall apart

But when itâ€™s my time to rise, gonna dig, gonna dig deep inside
And when itâ€™s my time to pick myself up, dust it all off
Gonna fill, gonna fill the skies

Chorus:

So pleaseâ€¦
Make it ok, make it alright
And pleaseâ€¦
Give me lift off so I can see

Instrumental: Aah
