

Filthy

Justin Timberlake

[Intro]

Hey, if you know what's good
If you know what's good
If you know what's good
If you know what's good
Hey, if you know what's good
If you know what's good

[Refrain]

Haters gon' say it's fake, so real
Haters gon' say it's fake, so real
Haters gon' say it's fake, so real
All my haters gon' say it's fake
I guess I got my swagger back

[Chorus 1]

I said, put your filthy hands all over me
Ya know this ain't the clean version
And what you gonna do with all that meat?
Cookin' up a mean servin', huh

[Interlude]

No question, I want it, fire up, everybody smokin'
Your friends, my friends and they ain't leavin' 'til six in the morning
Six in the morning
Come chill, baby, you the coldest, go for 'em, put 'em on notice
You don't wanna walk through here

[Pre-Chorus]

Baby, don't you mind if I do, yeah
Exactly what you like times two, yeah
Got me singin' "ooh, ooh"
So, baby, don't you mind if I do

[Chorus]

Look, put your filthy hands all over me
Ya know this ain't the clean version
And what you gonna do with all that beast?
When I leave the cage open, huh, walk to me, uh

[Interlude]

No question, I want it, fire up, everybody smokin'
Your friends, my friends and they ain't leavin' 'til six in the morning
Six in the morning
Come chill, baby, you the coldest, go for 'em, put 'em on notice
You don't wanna walk through here

[Pre-Chorus 2]

Baby, don't you mind if I do, yeah
Exactly what you like times two, yeah
Got me singin' "ooh, ooh"
So, baby, don't you mind if I do

[Bridge]

Come on, break it down!
If you know what's good
If you know what's good
If you know what's good
If you know what's good
Hey, if you know what's good
If you know what's good

[Refrain]

Haters gon' say it's fake, so real
Haters gon' say it's fake, so real
Haters gon' say it's fake, so real
All my haters gon' say it's fake

[Pre-Chorus]

Baby, don't you mind if I do (I do)
Exactly what you like times two (times two)
Got me singin' "ooh, ooh"
Baby, don't you mind if I do (if I do)
(Come on!)

[Break]

Your friends, my friends and they ain't leavin' 'til six in the morning
Six in the morning, m-m-morning
Your friends, my friends and they ain't leavin' 'til six in the morning
Six in the morning

[Chorus 3]

So put your filthy hands all over me
Ya know this ain't the clean version
Go on and put your filthy hands all over me

No, this ain't the clean version

[Outro]

Do you see me? Can you find me?

Look closer, through the trees

Do you see it?
