

Savages (feat. Tom Swoon)

Five Knives

Dead and done
It's not enough to make me scared to love
It's just the thought of losing me to us
Every day with you is a paper cut, you're dangerous
Can't win the war if we can't keep the battle civilized
Should be my savior but instead you leave me terrorized
Take the crown, no, I don't want it now
Castles crumbled to the ground
If we can't find heaven then we'll keep raising hell
So let me go now, let's burn our love down
If we don't kill the crush we'll keep killing ourselves
So let me go now, let's burn our love down
Oh oh oh oh, oh oh
Oh oh oh oh, oh oh
We're savages
Oh oh oh oh, oh oh
Oh oh oh oh, oh oh
Oh oh oh oh, oh oh
We're savages
Cut the line
Don't leave me swinging like a warning sign
Sometimes the punishment don't fit the crime
It's hard to save your skin when you're the prize
It's all a lie
The sun goes black over our love-infested paradise
No light to hide you growing sweeter in your wild eyes
Take the crown, no, I don't want it now
Castles crumble to the ground
If we can't find heaven then we'll keep raising hell
So let me go now, let's burn our love down
If we don't kill the crush we'll keep killing ourselves
So let me go now, let's burn our love down
Oh oh oh oh, oh oh
Oh oh oh oh, oh oh
We're savages
Oh oh oh oh, oh oh
Oh oh oh oh, oh oh
Oh oh oh oh, oh oh
We're savages
We kiss, we lie, we fight for our lives
We crash, we hope, we fight for control
We kiss, we lie, we fight for our lives
We crash, we hope, we fight for control
If we can't find heaven then we'll keep raising hell
So let me go now, let's burn our love down
If we don't kill the crush we'll keep killing ourselves

So let me go now, let's burn our love down Oh oh oh oh, oh oh

Oh oh oh oh, oh oh

Oh oh oh oh, oh oh

We're savages

Oh oh oh oh, oh oh

Oh oh oh oh, oh oh

Oh oh oh oh, oh oh

We're savages

Oh oh oh oh, oh oh

Oh oh oh oh, oh oh

Oh oh oh oh, oh oh

We're savages

Oh oh oh oh, oh oh

Oh oh oh oh, oh oh

Oh oh oh oh, oh oh

We're savages
